

🚨 EMERGENCY RED ALERT: THE KEYNOTE SPEECH CRISIS!

You just received an emergency text message from the DTS Łódź organizers. The keynote speaker for tonight's formal networking dinner has suddenly canceled. Because they heard you are building an expert brain on your topic, they want you to step onto the stage and deliver a ****3-minute emotional keynote speech**** about your passion to all Commerzbank and Google delegates! You have 15 minutes to write a compelling script using storytelling principles.

Phase II: Emotional Storytelling & Keynote Preparation (25 Minutes)

Step 1: Ingest Storytelling Best Practices — In your source panel, select the 'Best Practices for Storytelling' PDF from your notebook context and activate it as a reference source.

Step 2: Construct the Narrative Arc — Use the scientific storytelling framework to build a compelling keynote. Run this specific planning query in your chat panel:

Using our storytelling source as a framework, structure a 3-minute keynote speech about my passion topic. Design a fitting, relatable, and emotional analogy that connects my topic to high-stakes modern professional life. State a clear thesis, structure 3 key arguments, and draft a complete speaking script with exact time stamps.

Phase III: Studio Synthesis & Presentation Prep

Prepare to deliver your speech confidently using the assets in the ****Studio Panel****:

- **Visual Mind Map:** Click 'Mind Map' to generate a visual hierarchy of your speech topics. This acts as your visual cue card on stage.
- **Custom Audio Overview:** Click 'Audio Overview' and set the format to 'Critique' to generate a dynamic discussion about your presentation script. This allows you to listen to how your speech sounds in real time and refine your transitions.
- **Interactive Practice Quiz:** Click 'Quiz' to generate a 5-question test about your topic to ensure you are ready for any audience questions.
- **Showcase:** Deliver your 3-minute storytelling analogy to the workshop delegates to win your DTS Łódź shirt!
